

I-1

## General Instructions

Power Supply : 220-240V E27

Caution : Before assembling your lighting Fixture, refer to the section called "Electrical connections" If you feel you do not have electrical experience needed, have your fixture installed by a qualify licensed electrician.

Warning : Before starting installation, disconnect the power by turning off the appropriate circuit breaker. Turning off the power by using the light switch is not sufficient to prevent electrical shock.

Installation preparation
