

#### Description

- Essential spectrum for general plant with aesthetic color appearance
- Precise light distribution to reach high PPFd for vertical farming
- Long lifetime with less energy consumption
- Support and advice for your requirements

#### Specification

Housing : High quality plastic

Lamp Holder : G13

Power : 18W

Input Voltage : 230VAC±10% /50Hz

Luminous Flux : 2200lumen

Power Factor : >0.9

THDi : <15%

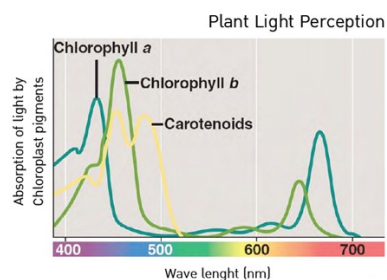

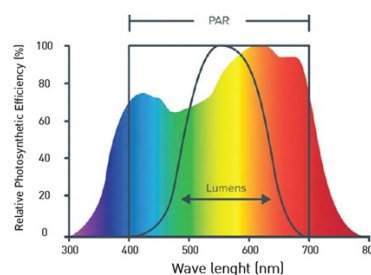

Color : Horticulture White

Beam Angle : 120 degree

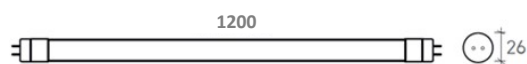

Control Gear : Build-in driver

IP Rating : IP20

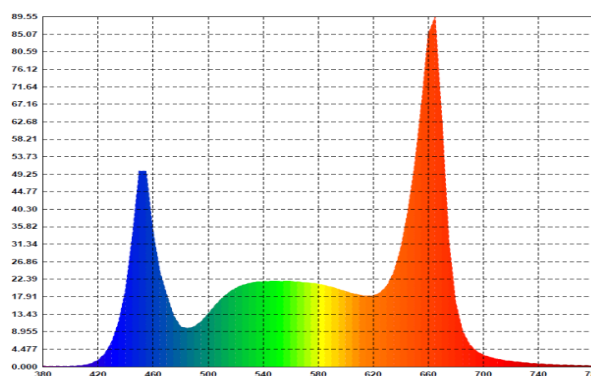

LED Lifetime : 25000 hours

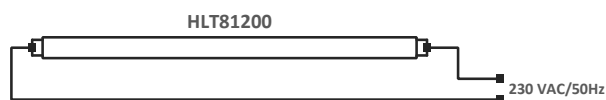

#### Lamp Dimension

#### Light Spectrum

#### Installation

Product	Power(W)	Color	Voltage(V)	Application
HLT81200RW	18W	1R1W	230VAC±10% /50Hz	Vertical Garden
